

The background of the advertisement is a photograph of light-colored, textured curtains hanging in soft folds. On the right side, a green plant with small, rounded leaves and clusters of small, light-colored flowers is visible, partially obscuring the curtains. The overall lighting is warm and natural, suggesting a window scene.

Our serene **Aria FR Recycled Collection** oozes contemporary sophistication - a gorgeous combination of texture, tone & performance. These soft relaxed textures in soothing neutral shades have been inspired by and connect directly to nature with the focus on sustainability. All fabrics are recycled using trusted, traceable and certified Repreve yarns. Through advanced innovation Repreve give Plastic Bottle Waste a second life, keeping it from our oceans and landfill. Produced with less carbon and non-toxic products means these yarns and ultimately our collection are kinder to the planet - a positive sustainable choice for curtains and accessories.

With **Aria** our aim to offer a mix of easy-to-use contract fabrics that instantly add a relaxing and therapeutic atmosphere to hotel rooms, suites, public areas and residential care interiors. The earthy palette allows you to mix and match the different textures and qualities for a totally cohesive scheme and create a calm retreat like feel. All designs are wide width and suitable for drapery and accessories.
