BANCROFT - GLOBAL SUPPLIER OF CONTRACT FABRICS

We have given our popular **Wilderness Digital Print Collection** a total refresh with new uplifting colours, additional contemporary co-ordinates and a smaller scale floral, making it an altogether more comprehensive offer. Fresh up-to-the minute Denim and warm Caramel tones furnish blissful bedrooms and public areas in hospitality and healthcare interiors. The blended elements from nature of delicate leaf forms and seedheads make up the feature designs of Botanical, Blom and Bracken, with appealing checks and a textured stripe designed to enhance.

Wilderness designs can be printed onto a selection of basecloths for all end uses - curtains, upholstery, bedding and accessories. Take a fresh look and re-discover our Wilderness collection for a totally harmonious interior scheme.
